ATTENTION, Farmers

If every farmer within a radius of 20 miles of Mountain Grove would keep 10 good cows, these averaging 150 pounds of butter fat a year, the cream delivered at the Mountain Grove Creamery at the prevailing prices, it would mean the annual payment of \$200,000.00 to those same farmers who live near and trade at Mountain Grove. Let the country people adopt the slogan: "Keep 10 good cows on each farm."
